

# Exploration of Targeted Anti-tumor Therapy

# Molecular Diagnosis and Personalized Therapy of Cancer

## Guest Editors

### Prof. Monica Fedele

Research Director, Institute for Experimental Endocrinology and Oncology Gaetano Salvatore (IEOS), Department of Biomedical Sciences, National Research Council (CNR), Naples, Italy

Email: mfedele@unina.it

### Prof. Andrea Vecchione

Full Professor of Pathologic Anatomy, University of Rome La Sapienza, c/o Azienda Ospedaliero-Universitaria Sant'Andrea, Rome, Italy

Email: andrea.vecchione@uniroma1.it

With this special issue, we would like to summarize current knowledge on the latest molecular approaches to personalized cancer diagnosis and therapy and welcome any contribution, including original research articles, reviews, opinions, and hypotheses, which may open a discussion on new perspectives about this topic.

## Benefits to Submit and Publish

- Enjoy **PubMed/PMC & Scopus indexing** with **No Publication Charges**
- **"Highly Cited Paper Award"** to recognize the top quality and cited papers yearly
- Open Access
- Authors hold copyright

Submission Deadline: **October 30, 2023**

Submit Your Manuscript:

<https://www.editorialmanager.com/etat/default2.aspx>

# Exploration of Targeted Anti-tumor Therapy

An open access, peer-reviewed journal with no article processing charge, now is indexed in PubMed/PMC, Scopus, CAS, DOAJ, etc.

## Editor-in-Chief

**Nicola Normanno, MD**

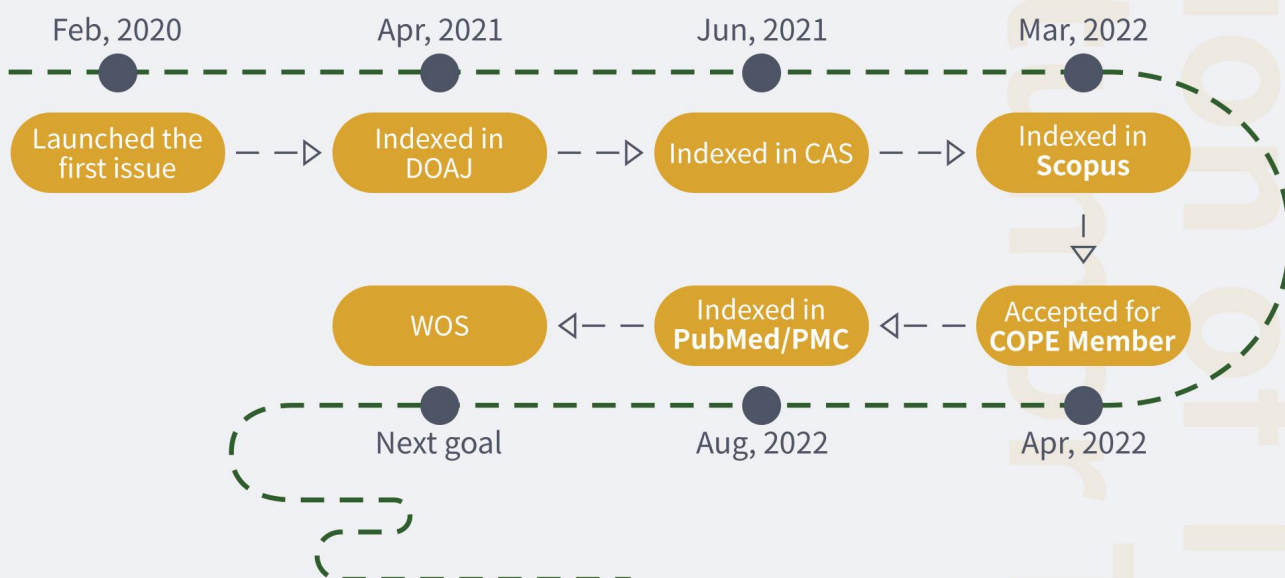

Chief of Cell Biology and Biotherapy Unit,  
Director of Translational Research Department,  
Istituto Nazionale Tumori-IRCCS-Fondazione  
G. Pascale, Naples, Italy

Email: [nicnorm@yahoo.com](mailto:nicnorm@yahoo.com)

Editorial Board: **62** eminent experts from **16** countries like Italy, China, UK, USA, Spain, etc.;  
**46** for average H-index

## History of Journal Development

Within 2 years of its inception, ETAT has featured rapid development with **PubMed/PMC, Scopus, COPE Member, DOAJ, CAS...** And to reach higher aims and disseminate inspiring content without barrier, we will persist in Free Publication and Higher Quality Publishing. We always welcome passionate researchers to submit to our journal or lead a topical issue as Guest Editor.
